HOUSE BILL NO. 2316

Introduced by Honorable Celso G. Regencia

EXPLANATORY NOTE

This House Bill seeks to establish the Artificial Intelligence Industrial Research Park (AIIRP) in the campus of Mindanao State University – Iligan Institute of Technology, Tibanga Hi-Way, Iligan City.

Artificial intelligence is broadly described as the study of the computation that make it possible to perceive, reason, and act or the automation of intelligent behavior which is driven by a general study of intelligent agents both biological and artificial. In its concrete definition, it is also defined as “nonhuman intelligence that is measured by its ability to replicate human mental skills, such as pattern recognition, understanding natural language, adaptive learning from experience, strategizing or reasoning about others.” (De Spiegeleire, et al, 2017).

Mindanao State University – Iligan State University is the premiere public institution of higher learning in Iligan City. It is home to various colleges which recognized as Center of Excellence in the field of Science, Technology and Engineering.
